gnome property, making holes in walls, etc.+50\% to health. Emits sweat cloud that might poision anyone who is nearby for too long. +200& to damage if you hit in the chest region. Tall. Fast. No weapons, only melee hands and stuff. (might be server-side option)Remember, if anyone wants to do the gnome-mod, you dont need to do everything listed here, i just put up all the (extra) ideas i have, if anyone would care to use them.
