quote:Originally posted by Zavian:cheese... you couldve already made a test map real quick to test it probably... but anyways try this if you havent...unmix the c&c_city.mix using unmix or xxc mixer... then copy all the files(not the folder if there is one though) into your mods level folder... that seems like it should work...Tried it.. might of done something wrong. But theres alot of people that already have this folder because of a small mod they've made with the working mod. Like blazer, buzz,and eqv. But they won't zip the folder and send it to me..
