quote:Originally posted by superenagade:how bout a sniper alt attack that when used, u point it at a enemy and u here the other teams chat,sound good?since it supposedly has a mic,put it to use,lolthis idea is great! get to it Also, what about like an alpha strike (from Mechwarrior) for the mammoth tank or the apache and such where it fires all weapons at the same time... (but afterwhich have a long reload...and possibly damage you because of "overheating"?)
