I have a way of getting aircraft in to MP.It's sloppy but works.Basicly,nod constantly has apaches dropped to them.The curse is they do NOT get a harvester or anyother vehicle other then an apache.Bonus is they get apaches free so they have no real need for money.As for GDI,I do not know if there even IS a script file for the factory so they do not get orcas.What I wish to know is if Dev accepts this so i maybe able to release this mod.Also it takes a bit of practice to get an apache sadly.If anyone knows the script file for the GDI factory and this way of having aircraft is acceptable please let me know and gdi shall have orcas!
