Core Patch 1 is now in beta testing.

Please pm me with your exact username you are logging into RenGuard, and I will enable core patch download for your renguard client.

The CP1 is still missing a few things, the WS fixes are not done yet, and C&C Siege is still the old version, the new version is still in progress.

CP1 contains:

bhs.dll (courtesy of Silent Kane)

C&C_FieldTS

C&C_Siege

C&C_MutationRedux

C&C_Sand

C&C_Gobi

C&C_Snow

The downloader is being made by jonwil.

Test Servers are in progress.
