AircraftkillerHe's not funny, he's an idiot. Almost everything he writes has little to do with reality, it's his own warped perception of what he thinks is going on.

Well, political cartoons are only funny if you agree with them. Thus, small wonder you think he's not funny. Of course it doesn't have much to do with reality, except when he says it does, like the Abu Gharib cartoon. I mean, his main character is a talking penguin with a space visor.
