Commando no. 448I thought I asked not to discuss my ideals. See me in private over these topics. The rest of the forum probably doesn't want to here us squable over these issues. Feel fee to call me what you like here though. Put yourself on Aprime's level.

And I think it is 4 times if you count partial successes.

If you state a subject in public, it is free to be discussed in public. If you didn't want to publically reveal that you have a deathwish for the human race then you shouldn't have brought it up
