j_ball430PointlessAmblerYeah, the first amendment does not apply to forums.
It pretty much does on these forums.

Yes, we have the blessing of fairly lenient moderators. However, if we happened to have very tight-fisted moderators who didn't allow people to say anything remotely negative about them or certain things, it wouldn't be against the law. That's really what I meant by that statement, I wasn't complaining about whatever 'rights' we have here.
