well in that time travle thread, there was alot of stargate fans, and well all disscussing about it, kinda.

so i made this thread, to talk about it i guess.

so, what do we all think about the spin off series, Stargate Atlantis, and then its friday, so wait a little longer and both episodes will be shows back to back, first Stargate SG1 series 8... the second episode, and then the third episode of Atlantis...or the other way around whatever.

i think atlantis should be good, i really only like Sg1, but this might turn out awosme with the wraith, and all that.

season 8 will be diffrent, i wonder whts happening with the tok'ra and earth, and what about Bal and his fleet, seeming he was going to send it to earth.

but meh, enough of me, start talkign! i know alot of us in the C&C comunity are fans, Chronojam and asshaze1 from IRC like it, so does blazer (well he get it lol) and jonwil and others. so talk!
