Yeah, attitude doesn't necessarily constitute the likeliness of guilt. Also, proving that you don't cheat at any time after the event is null, because people will think you removed everything from your data dir. beforehand.

I noticed something strange in that SS though.. it says you joined the server 3 times, but on none of the occasions you left? I'm guessing that was the result of your game prematurely ending.

Edit:

Quote:How come when I view this thread, my browser plays music?

lol, that was me. I removed it.
