Sir PhoenixxDuke of NukesIt's amazing...you're all making fun of Carl for having emotions about his friends.

No, wrong again.

No one is making fun of him for having emotions :rolleyes: . He said his friends are going off to die, and when confronted about that statement, he tries insulting/flaming others, not really mature. Add to that, his last reply is flaming everyone on a discussion that ended a few posts up, before his previous reply.

And there's a difference between going on duty in a war, and cancer. You could have all the skill, intelligence, etc. in the world, and it won't save you from dying from cancer. I'm sorry to see that you think they're the same.

I Try insulting others? no not at all. I merely began combatting ill plaeced statements. FFS. HOW MANY TIMES DO I HAVE TO SAY EMOTIONAL OUTBURST. IT WAS AN EMOTIONAL OUTBURST THAT IS NOW PASSED. GET THE FUCK OVER IT. IT WAS ONE STATEMENT THAT I DIDNT EVEN FUCKING MEAN LIUKE YOU ARE TAKING IT< THAT WASS TYPED IN A FIT OF EMOTIONAL RAGE AND TEARS. GO FUCK OFF YOU LOW LIFE NO GOOD PIECE OF WHITE TRASH.
