majikentWhat does anime have to do with anything?

The reason it is on exnyte.com is because I asked him if I could put a version of it on there, that way people could read through it w/o having to search for the story posts at that time. Then, he decided to update it there exclusively. It was not my idea or choice to take it from the Renegade Forums, but I'll happily host it if that's what Kirby wants.

I don't know, I felt like voicing my opinion on anime, but it is somewhat related. The C&C story is on a anime site...which made no sense. I can understand that it's his choice, but it just doesn't make much sense to me.
