I really... Don't care about the Patriot Act. I think it's a good thing. I think the government should get even more power than it has. I think it could do alot more good that way. Everyone wants to fight the Man! FIGHT THE POWER! I say go power... Next time I'm on the phone I'll be sure to say hi to the nice FBI that's making sure I don't kill innocent civilians. Let them tap my phone, let them read my e-mail. If they want to find out that I got an authorization E-mail from Bazooka Sound Systems LET THEM. If they want to know I'm coming to Nodbuggers house to see his fish tank. Let them! Maybe the FBI wants to come too! Maybe theyre interested in salt water fish tanks too. I dont get what the big F'ing deal is. The only people who have anything to fear are the people who are doing the wrong thing anyhow! The only people who'll get hurt from a wiretap are people doing illegal things...
