DoitleTap dancing Jesus H. Persnickity Crackers... 52 pages!? I think with this many pages we HAVE to get a team together and make this. This mod would be the legacy of the entire forum. Read the 52 pages. Everybody's been trying to motivate people to make the mod instead of doing it themselves. It's a great idea and I have all the main ideas compiled into a word document. If you want it, just talk to me and I'll send it to you when I can.
