DanSoloAircraftkillerIt's this, not "dis."

AirCraftKiller when are you going to grow the fuck up. When your not playing out your resident forum nazi job, what do you do in your spare time? Oh yeah i remember you whine incessantly about other people's good work.

"Dis" is a regional slang variation of "This" in England.

Stop fucking whinging about everyone else and say something constructive.

awaiting a typically predictable reply from ack

P.S. you just corrected a teenage girl's spelling, YOU THE MAN ACK, YOU THE MAN

Well, You'd kind of expect a teenager would know how to spell such a simple word. Right?

Trying to pass of misspelled words as "slang" is the worst excuse I've heard yet. "skin" might be considered slang by some for "texture", but at least it's spelled correctly.
