You have proven nothing, actually. Both Warranto, AND myself have provided evidence. Evidence you have chosen to ignore.

Your statements are full of logical fallacy, ad hominem, and false assumptions.

And another thing, that's twice now you've said you were done arguing here. And that's now that you've replied thereafter in short succession.

Oh, and I know you're a kid, too. A little bird told me.

Now scuttle off, you have been owned.
