WeirdoAlostSOulYes I heard that. My brother is a close friend of him and he knows I am a user of this forum site. He wants me to give a message to Crimson, as these are his words and not mine. "You fucking piece of shit, I am going to KILL you ass one day or another".

(Don't ban me, I don't use these words and they are not my speech.)

How does he know you are a member, you have just registered :rolleyes: .

That's a good question. Maybe sw33t...errrrr.....i mean AlostSOul can answer that for us.
