Aircraftkiller Probably because Reborn sucks. I don't even know why you bothered to join them. What a waste of talent on a bunch of idiots.

I asked to joined RenAlert, but I was turned down.

RenxWe only have 2 texture artists, and we're doing fine. Why the hell do you need so many?

Reborn has 4 times as many people working on the actually mod than us, yet we still make more progress :/

You are wrong in that statement. We may have four times as many, but not four times as many working on it.
