snipbravo90% accuracy? If i knew where u lived id take u up on that.

For ur information, in the high school im goin to, u play sports and u talk to be popular. British people are a bunch of idiots anyway. "I DOONT WANT A WEEPON THAT CULD TAEKE A LIFE! I CAWNT TAKE EIT!" besides, guns are banned from sale in britan, unlike in america. So now get off ur fat lazy butts and go get a life, or a job.

Using similar weapons, I doubt you'd achive anything close to that.

I love this though... sports and talking make you popular (hey wow! you're popular if you talk!). How pathetic. "I'm going to bypass a decent eduaction, so that someone I won't know in 10 years will like me now!"

As for the getting a job thing, with your level of education, I highly doubt even you would be able to get one. I can only imagine the grammar your Resume would contain, let alone it's cover letter.
