I see that article is from October 2002.... and we started the war when? Oh yeah, March 2003... just about 6 months later. And yet he "rushed to war". LOL I am tearing up from laughter.

Your analogy is horrid and doesn't fit, mostly because they agreed at the time that Iraq was an "emergency" and in fact Kerry along with several other senators urges Clinton to do the same thing back in his Administration.
