Im not sure wether this is a CP1 bug though.

It occurred on the map Bio when i -to even teams- changed myself from Nod to GDI.
The harvester was just emptying @ the GDI Refinery at the moment i changed teams but the credit tickle never ended :S
So i had to leave and rejoin the game for this annoying sound to stop lol.

Talked to mac about it and he is convinced its got nothing to do with the CP so.. ignore this.[/edit]
