Subject: How low can you go?

Upon hearing a tip given to me by my local rock radio station, I subjected myself to what can only be considered the lowest attempt at left-wingers to "take back the White House".

That's right, I'm talking damn low. Like sleep with other people to get votes low.

It's called "F The Vote", and it's got to be one of the greatest methods to get ugly/slutty/infecte people laid. Are you in a "Swinger" state? Are you "In" with the "In" crowd?

People ask why I vote for Bush. I'd have to say that I now vote for him just to spite people like this.

Here's a quickie excerpt:

Quote:Believe it or not, even the most deeply rooted right-wing ideologue can be manipulated by sex. As we all know, the sex drive is a powerful beast that has the potential to change people. People lie for sex, they cheat for sex, they even kill for sex - and you can be sure that they will change the way they think (and therefore vote) for sex. All you need to be armed with are your sexy progressive values, a razor-sharp wit, your genitalia, and a mindset that doesn't mind taking one for the team.

That's right, Democrats! Show your faith and lower your standards for your favorite political party! Because we all know that in the name of Kerry, morals and self-esteem mean nothing!
