I respect their hard work if it actually looks like hard work, not pure shit.

I don't care what I look like. That's irrelevant to this discussion. Reborn sucks, that's what we've been talking about. Instead of worrying about my personality, and my fevered dislike of Reborn, you could try to improve it instead of bullshit people.

Quote:Everything what Reborn makes, it doesn't matter what it is, you continue to say it's crap. Even if they improved it.

They were doing good work until they realized it was "too hard" to do properly, and proceeded to half-ass it. Now every soldier is exactly the same, every vehicle looks like plastic or concrete, and all the buildings look like garbage.
