Slash0xSilent KaneWho: DaRenx

Why: He wouldn't abuse it like the other recommended people. And he would do great work there. He also does a great job for similar things. No other person who belongs to a mod team (besides DaRenX) should be used since I already can see posts even whole topics getting deleted due to the biased opinion there.

DaRenX, why? Because I feel sympathy for him when I own him at sniping. Just kidding, what SK said.

yeah i have a feeling renx would do a good job but if that might seem biased towards renalert staff, i would nominate ..
