lol

Can you beleive I paid 1900\$ for that system?

I've never tried overclocking my Ti cause I am protective of it. It is like the bald foreign guy in the skittles commercial, and I am the giant bird. lol I did try overclocking that ATI Rage though, didn't improve anything... Prolly cause the clock speed was like 2mhz, and a MAJOR overclock would be to like 6mhz... lol
