(27/08/2004) (21:45:45) (@Aurora) That gun looks like ass

(27/08/2004) (21:46:08.) (@Aurora) It looks like they couldn't decide between an XM8, or an G36c, so they said fuck it and used a water gun instead

(27/08/2004) (21:46:42) (@Aurora) Gotta love the "Before shooting... Shooting!" pictures

(27/08/2004) (21:46:46) (@Aurora) Question

(27/08/2004) (21:47:04) (@Aurora) who the fuck is going to look at a barrel that's as big as a finger ingame in the middle of a firefight

(27/08/2004) (21:47:15) (@Aurora) you won't even be able to see it, assuming the muzzle flashes work

(27/08/2004) (21:47:27) (@Aurora) <http://mods.moddb.com/images/mods/gallery/15526img.jpg>

(27/08/2004) (21:47:29) (@Aurora) Wtf is that, anyhow

(27/08/2004) (21:47:32) (@Aurora) It just...stops

(27/08/2004) (21:47:35) (@Aurora) then there's nothing

(27/08/2004) (21:47:36) (@Aurora) then a spring

(27/08/2004) (21:47:45) (@Aurora) it looks like they accidently left off half the barrel
