Alright, I got two posts to respond to, and I'm gonna do it separately, since (at least) one of them is gonna be uber-long.

DoitleYou guys aren't reading what hes saying. Your just ganging up on him and since theres multiples of you guys, you all re affirm each other.

Indeed. Well, I AM actually reading what he's saying, and if you were too, you wouldn't be defending it. Notice that Crimson isn't defending him, because she knows he's wrong.

I just want to take this moment to clarify something: I'm all for the war on Iraq. Take Saddam out of power.

That being said, let's cut the bullshit. It was vigilantism, no more, no less. It was an illegal act of violence perpetrated on a country. It was a terrorist act.

And I would have preferred it to be legal. Still would.

-stuff that I kinda agree with -

...

I'm tired of seeing you guys all attack Nodbugger in a big group. He has no backup, nor does he have a big group who can all post at the same time and barrage one of you guys.

And I'm tired of him being an ignorant idiot. If he shuts up, then we won't have anything to reply to, now will we? (<- Is aware of dangling preposition, but doesn't care.)

DoitleGo find something more constructive to do. Add fancy sound systems to your cars, start Saltwater fish tanks, go run for political office. I just can't comprehend how multiple people can spend so much of their time arguing on a topic so pointless.

And now you've joined us. Congradulations.
