AlkalineXtrm2MattYup. My 42/44 player keeps crashing. At first I thought it was the FDS Exploit as I hadn't patched it.. but it's happened many times after I did patch it. Very annoying when you got a full server and their happily playing

ya but you got like a 10-11 map rotation... imagine 64 maps, and people keep having to play the first 10 because of the constant reboots.

`!setnextmap <map>`
