Liberator...

What does his serving in Korea have to do with his speech? What does his biography have to do with his speech? No matter what you pull up, it won't negate his outrageous speech at the RNC.  
:rolleyes:

And I could say the same thing about Kerry:

Quote:First off, John Kerry is a former soldier who served in Vietnam. For that alone he deserves your respect, say anything negative about the man's character again and I'll find you and kick the crap outta you myself.

But wait! Countless people on these forums don't respect Kerry at all, saying things that they have just heard over and over again like a broken record (i.e. "Flip-flopper"). Your veteran bullshit doesn't hold.
