When u are playing the single missions, (with havoc) u can hear talk the NOD soldiers and the GDI soldiers! Also u can hear who is it! if it is a stealthsoldier or a chemical!

Can u import that sounds in the patch?

Actually u can only hear the normal GDI soldiers! (only host i think)!

That would be great if that is possible!

When u buy something in multiplayergame there is allways havoc talking!

It would be nice if there are sounds from others!

I think thats enough for today!

Awaiting your RE!
