Im not doing this for anything. I was bored and saw this topic. I despise asscrackfiller and everything he is and stands for. Just wanted to see his reply

I used to go to #n00bstories on some rare occasions but tbh the people there arent very nice, and i was kicked a few times for nothing at all so i dont really go there any more, unless im bored or something. I always take the piss outta yanks about being this and that, but i dont really believe it. The sad thing is Ack is everything i slag americans about. Hypocrites, ignorant and arrogant.

Dans right, noone likes Ack. All i hear is bitch stories about him and god they are right to bitch, hes a fucking sampfag :rup:

omg liek STUF bigjoe u r teh manfag LOL!
