Beanyheadz310I feel sorry everybody in the way of that hurricane, including AK and his house..

If they're that dumb to think: "I live in Florida, hurricanes won't get me!!11" - then they deserve it

Beanyhead - You beanhead! I think most that live in Florida understand the risk, but that doesn't mean "they deserve it". Where do you live? Perhaps you live in an earthquake prone area & a quake crack swallows your house in the bowels of the earth, does that mean you deserve it? Accordin' to you it does... :rolleyes:
