NeoX Agreed. I never want to be part of such a stupid evil country.

That pissed me off. I'm not even going to get into how retarded that statement was.

NeoX All that it will accomplish is allow your over populated country to pour into ours and make the crime rates go up along with the stupid gun laws and gangsters.

This coming from a wigger with "Gang-Life" in his signature?

NeoX Be part of the US...I think not.

Ya, you better stay up there and keep your mouth shut. Because truth be told, if you were invaded it wouldn't be France saving your asses it would be those "Evil" Americans. :stern:
