Subject: Cydonia Mars Map. pics etc.
Posted by Sanada78 on Sat, 25 Sep 2004 00:21:02 GMT

I created this in PS while messing with the filters, seeing what they did.

http://www.n00bstories.com/image.fetch.php?id=1388245089

It's actually in a 1024x1024 format, just made it smaller for viewing. The colours are wrong, but you could make it tinted red or something. I might use it in a UT2004 map if I ever do one.
