Phoenix - AeonNaamloosicedog90I take German at school. Also, there is something else called an online translator.

What does german have to do with dutch? Nothing, i hear that soooo many times

They're both derivative of Bavarian, same with Polish, Austrian, Bulgarian and even Flemish to an extent.

True, but that doesn't mean I can speak Polisch, or even see the difference between Bulgarian and Polish writing.

Ontopic: The way you speak isn't really making me feel sorry for you. Sure the guy is an ass for saying something like that. Basicly your goal to make the other guy look like an ass has failed miserably.

Specially since it seems you abuse something, as bad as the death of someone in your family, to make someone else look bad.

Also If you really do have problems with this, I wish you please say it in a normal grownup way. And if you are not able to express yourself normaly in Englisch, Post it in dutch, I will translate.
