BulleaCreed3020Bulletal'd like to join EoE renegade but if the applications have been closed any idea on when they'll be open again?

Wait two weeks then we will re-evaluate and see if we will open it up again. Thanks for waiting. two weeks is a long time! I really really really want to join. How hard is it to get into EOE?

Sniping is hard, you must be up to par with the rest of our snipers all of which are some of the best of the best.

AOW i don't know because i have no involvement in it, but it would be a tad easier to get in than in Sniping.
