Quote:Not just any 3D submission will fly, though. Since DAZ is one of the co-sponsors for this contest, one of the key rules of the contest is that the artwork must incorporate digital content offered in the DAZ Online Store (including the free content packaged with DAZ|Studio). How well you use DAZ products will naturally influence the impact of your submission on the judges. After all, this is a promotional calendar for DAZ Productions.

As in, they provide the assets, you just artistically put them together in a scene.
