Subject: Bandtest.dll Problem FIX
Posted by laeubi on Tue, 28 Sep 2004 23:37:29 GMT

BlazerWhat was the problem? and what exactly is the fix?
It say's afte CP1 install: 'No Bandtest.dll found, please check the filename'
The bandtest.dll is shrinked to 3.5kb (insted of ~100kb) and i jsut put this orginal file into the directory to replace the corupt .dll and it worked again.
