Who cares if he gives it out? It's not as if you were going to give out Dragonade until xptek leaked it all over the Internet, then you suddenly had a "change of heart" and felt like releasing that "SSAOW" (AOW isn't even a fucking game mode, C&C Mode is all there is to the game beyond the CTF additions and some crappy deathmatch modifications) thing to the public to try to get people to focus on not using Dragonade...
