BrutusWhy? Didnt bother before as the latest patch messed up my game so i cant play anymore (not even reinstalling helped), and I really wasnt interesting in following the boards. JWP mailed me yesterday, and when i talked with him on MSN, he notified me that the old posts had been brought back. So, i decided to check on this thread, to see if there was any new posts, and here I am.

I double checked your old IP and your new one, and I now believe it is you. Both of the IPs resolve to somewhere in Norway
