doNmadcatI have been hearing it on the LTRousH CTF server. I think i heard about it on NoN00bs servers too...

I have been on the LTRousH CTF server damn near everyday, and haven't heard anything of the sort once. Haven't heard it anywhere else either.

So if you've been hearing it. It's not from a credible source, and isn't worth listening to, nor repeating.
