ok, just to clarify...

i am not gabe newell

i do not work for valve

i did not work for westwood

i do NOT work for EA

i am a game coder/modder who likes to create shit in his spare time

i do not do anything for Renegade anymore

Dead 6 is a TC mod for Half Life 2

hope that clears up whatever confusion there was...

cowmisfit, send me a sample of your work to my dante at renevo dot come email.

(source so i can look at it in hammer with all textures etc.. that it needs, sorry gotta know you can do that too )
