Renardin6Renx(l33t) [KICK]Renardin has unknown files on Renegade Community Server #1
(data\objects.ddb)

(l33t) [KICK]Renardin has been caught cheating on Renegade Community Server #1

...

Blazer

This is the ONLY instance I could find of Renardin being kicked by RenGuard, and it was for a shotgun texture, not an objects.ddb file.

I have no idea where that log RenX pasted was from, it appears to be falsified. Furthermore, RenX has no access to the RG logs anyhow, so I would not take serious any that he pastes.

RenX : Owned.

Rofl, at least I wasn't the one stupid enough to join a RenGuard server with new models in my data folder. :rolleyes:
