Subject: why wont my renguard work anymore
Posted by balaholik on Sat, 16 Oct 2004 04:44:58 GMT

i have unblocked renegade from sp2 firewall and still no luck. a message window pops up saying "failed to receive list of available master servers.please check internet connection." but i have an internet connection,renguard just isnt detecting it. it has got to be a setting somewhere i just dont know in what or where to change this or how to make it work. please help
