and for all you people who are "hoping" to beta test Renegade X: The Dead 6, all tester are chosen out of our #dead6 chat room hosted on a small server. Reminder, ALL testers will be at the risk of crashing there game during tests (nothing permanent), as well as having to own a LEGAL copy of Halflife 2 on release.

Testing will be anything from visual, coding, gameplay, etc...

Others:

Server: irc.renevo.com
PORT: 6668
Room #dead6

I will pull ALL testers from that chat channel, no other place. site to be updated with new testers as i grab them.
