AircraftkillerDon't play stupid with me. You directed that post at me and it was obvious.

Tell it like it is and don't bullshit people with attempted mind games. "Oh, I didn't know I was directing that at you. Even though I've attacked you before. More than once. Because I wanted to."

Right...

hell I could care less. when i'm wavin my middle fingers around it is directed at you. i don't give a f*ck. do somethin. or should i say, get your friends to do something, because you yourself have no power.
