Back in the day i used to do flash. Here are my movies that i was able to find. Yes they are poor, yes the sound quality sucks, yes 2 of them are rip-offs of College U, yes just about everyone of them has a movie reference in them, and finally yes convicts arent usually shot when they have stopped running. Enjoy.

EDIT: Oh and im not religious or anything but that movie "Oh holy night" still gets to me a bit.
