Personally, I am strongly for widespread use of RG and agree that more people should use it, and when more people use it, more servers use it and cheaters are isolated in their world, playing with fellow cheaters.

I personally think if anyone runs a server and they don't want cheaters, they should have RG only people join their servers. Just like Cugs world that when a person joins and they don't have RG it autokicks em and tells em to get it. This would force everyone to get RG and kill the ranks of the cheating, skillless, aad, MORONS who cheat. Because now more people cant distinguish a good player from a cheater, and they just kick on spot! Right Darktec on ADAD serv?!? Btw, i'm still banned for about a year from now even with renquard on.. n00b!
