Is recruiting and desperatly looking for very good renegade players. We have many things to offer you, but first you must have something to offer the clan.

We expect you to be able to participate in the forums regularly, clan wars and clan practises when possible.

Experenice as leader of FA:

I was from BD, a co-leader that basically ran the entire clan. The leader was a little 13 yeard old kid that spammed up the forums like crazy, so I left and took some of BD best players with me. I also was in FU, TD, and ED. Those 3 clans kind of fell apart after a while so I was introduced to BD, and now I have my clan!

We have Teamspeak, a server, forums, a site, rank system, respsonibilities to be given out, and more! Just check us out!
