When i played renegade, i played perhaps 10 - 15 snipers in the almost 3 years or w/e since its release that were "better" than me, none of them are on that.

Maybe the players you think are good only play in a little snipe server with you and you think you own them so you>everyone?

:rolleyes: Maybey not?? A) I don't play renegade anymore, too easy B) I don't play in a "little" snipe server, i played in Crimson79 , [EoE]. FNfall, [FoD] (when it was around) , dont' even try to pull that "OMG LIK YOU PLAY WITH THE NUBS" bullshit.

CW has lots of good players, i know that, im not putting down CW, but the thing is half of them i've played with are just plain assholes, they have shit for attutide and CW isn't a community worth being apart of with all of them in it.

If it was so easy why didn't you make a clan and play clanwars? :rolleyes:

If you were not a moron you'd know who i am and that my clans have played on CW, [FoD] Forces of Diversion, [EoE] End of Evolution the main two.

Its so easy because everyone on there sucks, when i can go in any server on the game and get best k/d and most kills every game and get top 5 just sniping in AOW (Deadeye Blackhand) Its fucking sad, or when i go in a server and can get 20 MVP's in a row.

It gets old after a while, i played from the release, the fun ran out for me, too many nubs who accuse of cheating , it makes it no fun.
